

## **Do you believe in the power of group healing?**

Or the power of prayer, good intentions, Reiki energy or any other forms of healing? If so, then hear the call and join us for a night of meditation, reflection and the sending out of positive energy to our community, the world and for personal intentions. Be part of a group doing something to create change. Feel the energy of all forms coming together through the group and making changes within and around us. No formal training, classes, etc are required. All you need is the desire and caring to be part of this experience. And a willingness to take the time and join us. If this night is for you, call me at 262-544-4632, for pre-reservations are required. FEEL THE POWER WE CAN SEND.

**Monday, January 11, 2010**
