The Message of Unconditional Love

The essential message of unconditional love is one of liberation:
You can be whoever you are, express all your thoughts and feelings with absolute confidence. You do not have to be fearful that love will be taken away. You will not be punished for your openness or honesty. There is no admission price to my love, no rental fees or installment payments to be made. There may be times when psychological or physical miles may lie between us. But I have given you the word of my commitment. I have set my life on a course. I will not go back on my word to you. So feel free to tell me of your negative and positive reactions, of your warm and cold feelings. I cannot always predict my reactions or guarantee my strength, but one thing I do know, and I do want you to know: I will not reject you! I am committed to your growth and happiness. I will always love you.
