

INVOCATION PRAYER

I ask to be grounded and connected to Mother Earth.

I invoke the light of Universal Love within.

I am a clear and perfect channel.

Light is my guide. (3 times)

I ask that all that comes through in this session be coming from Universal Love and Light within each of us.

I ask our Angels, Archangels, Spirit Guides, and Ascended Masters to be with us, and assist and guide us in this work together.

I ask that what belongs to each of us remains our own; and that all sharing and creating together be for and from our highest good and that of all, with harm to none.

And so it is and shall be.

Namaste.
